BSAK Welcoming Event December 5th

Last year, BSAK students could not visit our school, but this year we welcomed G5 students. In the first session, our students performed national anthems of both countries. Then BSAK students were divided into several groups to enjoy each classroom activity, such as calligraphy, arts, paper-sumo, and so on. Everyone had a nice and fun time. They also enjoyed sushi and fried chicken from school. We hope to continue this relationship and keep visiting and welcoming BSAK.

On the opening ceremony day in January, even G1 students remembered the speech topic.
