

Welcoming Al Ittihad Students October 4th

We welcomed 6 students and 1 teacher from Al Ittihad school this year. In September, Japanese school students visited the school and received a warm welcome there. Since we had less visitors this time, G7 and G8 students were mainly in charge of the welcoming event.

We presented some paper guns, newspaper kabutos, and a message card from all students. Students played with the paper gun, making big sounds. It seemed Japanese school students were better at it.

Eiken / Kanken October 7th, 14th

Eiken (1st Stage) and Kanken have finished. The 2nd stage of Eiken is taking place in November. I wish all of examinees' good result.

Mid-Term Exam (JH) October 10th – 11th

Mid-term exam was taken place. The exam is at the middle of the academic year and students can see their level of achievement. I hope students to make the most of the exam. Term-end exam is taking place on November 14th -15th.

KG Exchange Program October 11th

G1 and G2 students had an exchange program with the kindergarten students on October 11th. The kindergarten students were having fun while playing with their seniors, G1 and G2 students. They all had a nice smile and very cute.

School Newsletter November

Japanese School of Abu Dhabi 2018 November 1st

Solar Car Present October 11th

Showa Shell oil company kindly gave the school 50 solar car kits with solar panels developed by them. G4 and G9 students learn about the solar and renewable energy in the science class, so the company offered the kits for their study. The students have already put together the kits and created the solar cars. They ran nicely and students could actually see the solar power's effectiveness.

School Trip (JH) October 15th – 19th

G7 and G8 students went on a school trip to Vienna from October 15th to 19th. They had a great time, enjoying the beautiful and wonderful city of Vienna. They safely arrived back home in Abu Dhabi.

Achievement Test (G5-G9) October 29th

G5 to G9 students took an achievement test, from which they can see their achievements. The area covered in the test is quite large, and as their grade gets higher, they have larger area to study. G9 students will have the entrance examination soon. The most important thing is to concentrate on the daily study at school and home.
