Grand Piano

June 4th

A grand piano has arrived at school. It was thankfully purchased by school boards. On its arrival day, Ms. Tamai performed some piano music. The first song was "Take five", which is an up-tempo 6 beats song. The second song was "Furusato" (Hometown), arranged by Ms. Tamai. Lastly, everyone chorused our school song. Even I, an amateur, could tell the difference from the previous upright piano sound. It was a great and beautiful performance.

This piano will be used for coming decades, making our school events more exciting and amusing.

Teacher Suzumi Kakizawa

June 10th

Ms. Suzumi Kakizawa, a volunteering teacher, came to our school on June 10th, and she will be working here until July 6th. She is an undergraduate student in Tsukuba University in Japan and has just finished the 1-year-exchange program in Al Akhawayn University in Morocco. She eagerly hoped to come here and work as an assistant teacher. She still has to finish her graduation thesis after going back to Japan, but now she is learning a lot about our school education.
