Japanese School of Abu Dhabi 2020 March 2nd

Sho Yo Sai

February 7th

In the first half, we had various programs such as performances, plays, and songs. The kindergarten kids' performance was very cute and the younger elementary school students also made the great effort and we couldn't watch them without smiling. Elder students' performances were also great and enjoyable. Junior high students introduced history and culture, which was impressive. In the latter half, music performances were outstanding. Especially, Sing Sing Sing was magnificent. All those performances were made possible by cooperation, effort, and practice.

Field Trip to Pepsi Factory (G3) February 11th

G3 students visited Pepsi factory as a field trip of social studies class. There are many facilities and factories in Abu Dhabi. Those field trips are very important study to learn about jobs, including the joy and difficulties that they have. What students learn will be beneficial when they get a job.

Guidance for new students February 13th

KG3 parents and G6 parents had a guidance for the new school year. (For Emirati parents, on different dates) This school year of 2019-2020, we started with 64 students. I hope the next school year would start with many students as well.

Students Recreation

February 18th

Students were divided into several groups including other grades students. Elder students led the group members and they engaged in games and puzzles to complete the task. We have a saying that a great idea comes up when three people gather. It is good to cooperate with one another to come up with ideas and opinions.

Year-End Exam

February 19th, 20th

G7 and G8 had a year-end exam which concluded the whole year. The next exam will be the mid-term exam of the first term. It will be very important for the start of the year.
